

TOP QUALITY LOCKS FOR MAXIMUM SECURITY AND STORAGE

SMS manufactures the highest quality anesthesia storage carts in a variety of sizes, ideal for use in surgical environments to increase operating room efficiency and improve the patient experience. Anesthesia carts require proper security and strict access control to protect medications and supplies stored within. Many anesthesiologists maximize their cart's storage capabilities by outfitting them with back rails, tilts bins, side rails, hooks and other accessories

ANESTHESIA CARTS

SMS anesthesia carts provide secure and convenient access to controlled substances, medications and other supplies that practitioners require. We offer multiple configurations of anesthesia carts for a variety of medical settings, available in both all-steel construction or light-weight aluminum with heat sealed powder coat finishes. Best of all, our anesthesia carts all come with SMS's twelve year manufacturer's warranty.

ANESTHESIA CARTS

MDS1830E06+MD18-ANS

This M-Series cart fits into tight areas that don't have much free space. Comes with the MD18-ANS accessory package consisting of back rails, side rails and tilt bins.

Replaces the AL3256E-ANS

MDS2430E06+MD24-ANS

This cart has all the standard M-Series bells and whistles plus the MD24-ANS Anesthesia Package.

MPA1830ELP06

The ELP lock of this narrow A-Series cart comes with a keypad and proximity reader that enables you to use existing credentials to provide HID compatible keycard access for up to 250 users per cart. This lock also allows you to program the duration before an automatic cart re-lock, and to add, edit or delete users.

Replaces the AL3256ELP

MPA1830E06

This A-Series aluminum lightweight cart comes with self-closing, full extension drawer slides and a push-button e-lock.

Replaces the AL3256E

MDS1830E06

Replaces the 3156E

Narrow enough to fit in tight spaces but still providing a full 30" of vertical drawer space, this M-Series cart is tall enough to hold all your supplies and comes with an electronic pushbutton lock and plenty of customization options.

Find accessories for small carts on pages 61-68

MPA1824K05+MD18-ANS

This A-Series cart includes the MD18-ANS accessory package with a five compartment tilt bin, back rail and three 12" side rails.

Replaces the AL3245K-ANS

CUSTOM SOLUTIONS FOR YOU: A CASE STUDY

Mercy Medical Center approached Harloff to build an anesthesia cart with top notch security. Our solution included the following features:

- A LockView® 5 compatible wireless lock utilizing 802.11g wireless protocol or Ethernet communication on existing networks. Used common security encryption methods; can program up to 3,000 user codes and audit the last 15,000 access attempts
- Built-in anti-theft drawer alarm
- Drawer ajar alarm that sounds after 30 seconds of inactivity with any drawer left open
- Able to use existing credentials and add new users with existing HID Prox and iClass compatible badges

This cart also included an overhead shelf, 30" of vertical drawer space and standard M-Series cart features. A-Series and M-Series carts are highly customizable and offer multiple locking solutions – let us build the perfect cart for you!

MDS1824K05

Replaces the 3245K

This M-Series mini width cart has tons of storage space but has a small enough profile to fit in tight areas. This highly mobile cart comes with 5" quiet rolling Tente® casters, stabilizing pontoon bumpers and smooth-gliding full extension drawer slides.

MPA1830K06+MD18-ANS

Includes Harloff's MD18-ANS accessory package consisting of a back rail, side rails and a 5-compartment tilt bin. This A-Series cart's light aluminum build and narrow cabinet fit well into tight spaces.

Replaces the AL3256K-ANS

MPA1830EKC06

This A-Series cart has an auto-locking electronic keypad that grants access rights for up to 250 users. It also provides 30" of vertical drawer space, full extension self-closing drawer slides and premium Tente® casters.

Replaces the AL3256EKC

MPA1824E05+MD18-ANS

This lightweight narrow anesthesia cart comes with a three tiered back rail, side rails and a five compartment tilt bin as well as self-closing drawer slides.

Replaces the AL3245E-ANS

ANESTHESIA CARTS

M3DS1824E05

Replaces
the 3145E

This narrow M-Series cart packs a lot of storage space into a small frame. It features full-extension drawer slides, an antimicrobial white plastic top, 3" stem casters, 24" of vertical drawer space and customizable drawer configurations. Cart contents are kept well-secured by an electronic pushbutton lock that accepts up to 20 different user codes.
