# Notes

1. All consoles feature modesty panels located at the rear. The half shelf on CH consoles is also located at the rear.
2. All consoles 36" deep and 36" or wider have support bars mounted front-to-rear under the workstation.
3. Wheels can be added to fixed-height consoles with 9" floor clearance only. When adding wheels, add 'W' to the end of the model number to keep overall console height standard. Wheels must be ordered separately (see pg. 47).
4. Use Cx consoles where 48" depth is required (see pg. 39).
5. Consoles 30" or 36" high with 9" clearances only can be fitted with adjustable legs. Order by adding 'A' to the end of the model number. Console height will adjust on 1/2" increments between 28"-32" on 30" high consoles and 34"-38" on 36" high consoles.
6. Adjustable consoles have a 12" range, from 28"h to 40"h.
7. Crank handles and electrical switches are located on the right-hand side of the consoles.
8. All adjustable consoles feature a 3" clearance.
9. Roller tables feature 22"w steel ball-bearing rollers mounted on 3" centers and a styrene top.

10. All consoles are shipped knocked down. When getting freight quotes, specify Class 85. If dimensions are required, use 10" for the height of the box and add 3" to the width and depth of the console.

11. Modifications can be made to the width, depth, height of the console and the position of the modesty panel.
