

Southwest Solutions Group, Inc.

The single source for carton flow

Beamdeck

- Skatewheel wheelbed style
- Great for multiple size cartons
- Large 1.9" diameter wheels
- 50 lb. per foot load capacity
- Easy installation—hangers drop on beams, tracks drop on hangers

Beamtrack

- Full width roller conveyor style
- Heavy Duty aluminum rollers with steel axles
- Straight or knuckled
- Low profile—installs between pallet rack beams

Carton Flow Rack

- Cost Effective
- Knocked down or welded shelves
- Roller tracks and full length guides
- Can be installed in pallet rack uprights
