

# Mobile Workbench Specification Sheet

## SMS-10-V81-WSA

The Mobile Workbench system offers a multitude of possible layouts, thanks to its numerous accessories which allow you to create a work center that responds to your exact needs.

LC3002C

Whether you are installing a workbench for a production or assembly line, or a custom layout for your machine tool workshop, our line of products offers you an impressive selection of accessories that are sure to meet and surpass your expectations. Whether you are looking for a basic workbench with two legs and a top, or a specialized table, stationary or mobile, you will find a solution for each and every application. From shipping and receiving, to your foreman's office, the quality and variety of our product will more than satisfy you.

Moreover, the multi-purpose stand presents an immense advantage by being so easy to reconfigure, without tools. It can be changed according to your evolving needs by simply adding accessories.

We offers you several work surface dimensions for each of the surfaces offered: painted steel, stainless steel, laminated wood, laminated Acrylic/PVC, laminated and dissipative plastic tops.

## Advantages

We will meet even your most specific workbench need, from top to bottom.

Re-configuring your workbench is easy and can be done without tools. This means your system will evolve with you and your needs.

Our impressive array of standard accessories allows you to build a custom bench.

The WM structure can be installed on most industrial workbenches on the market. The six fixing zones mean limited interference and endless possibilities.

Many of our workbenches can be made mobile in order to better meet your needs.

## General Dimensions

Components and accessories are divided into 3 groups and correspond to the principle workstation zones.

Popular sizes indicated in red

\*Extensions offered for other heights
