

Mini Pallet Hand Truck Accessory

This labor-saving pallet allows you to move product without loading and unloading. Small but mighty, this pallet was designed to be used with a hand truck to reduce product damage. Simply load the pallet up with product and wheel into place. The raised platform keeps the hand truck nose plate from scratching floors.

- Eliminates hand truck nose plate from scratching floors.
- All welded, lightweight aluminum construction.
 - Outside rails are constructed out of 1 1/4" x 1 1/2" wall tubing.
 - Interior framework is constructed out of 1" x 1" wall tubing.
- Designed to reduce damaged product.
- Ideal for route delivery trucks.
- One-Year Guarantee against material defects and workmanship.
- Lifetime Guarantee against rust and corrosion.
