

Vertical Lift Universal Stacker Storage System 4 Levels

Model SMS-889-V01-SSG-UL4F-IND

Industrial vertical storage for pallets, generators, collapsible conveyors, toolboxes, material bins, and carts. Verify every load, platform position, equipment-handling method, and site condition before ordering.

Model Specifications

SMS SKU	SMS-889-V01-SSG-UL4F-IND
Manufacturer MPN	SSG-UL4F
Storage levels	4
Overall dimensions	105 in. W x 55 in. D x 127 in. H
Estimated planning weight	4,400 lb; confirm for approved project
Maximum capacity	1,000 lb per platform
Power options	110V or 220V; final service confirmed for the project
Loading arrangement	Front load; field convertible to side load
Platform adjustment	3-inch increments
Material / finish	Powder-coated steel / gray finish
Assembly	Ships unassembled; professional installation required
Country of origin	USA

Safety and Project Configuration

Published safety features include dual floor safety sensors, a safety light curtain, a keyed lockout emergency stop, color-coded controls, and UL-certified electronics. Long side panels, short side panels, wheel chocks, and a seismic package are available project options.

This summary is not an approved engineering drawing or installation manual. Final platform clearances, load fit, structural and anchoring requirements, code compliance, electrical service, delivery, and installation are established through the approved project scope.
